

Our liberties have been preserved by men and women who have proudly worn the uniforms of the armed forces of this Great Country.

All Gave Some, Some Gave All.

For several years, the members of the Solon American Legion Auxiliary have wanted to provide a memorial to the men and women who have served their country throughout the century.

Plans have begun to take shape with the Legion Members and The Auxiliary members orchestrating the memorial.

The memorial will be located in the Southwest area of Legion Park. It will recognize Solon Legion members and Service Men and Women who were from Solon, either born here or who entered the Services from Solon. In addition, veterans who live here, now, but were not originally from Solon, will be recognized if they are members of the Legion.

We need your financial assistance. If you feel that your local veterans, and those who gave the full measure of devotion, deserve a memorial, please make a phone call today and let us know how you can be part of this special project. This will not be possible without your help.
